PROFILE

UI/UX designer with experience creating websites and digital products across iGaming, food, education, and entertainment. I turn complex requirements into clear, user-friendly interfaces with thoughtful structure, clean visual systems, and practical user flows.

EXPERIENCE

UI/UX Designer

Nov 2023 - Present

The Point | Armenia

- Design websites and landing pages for local and international clients, including products in the iGaming industry.
- Translate project requirements into roadmaps, user flows, wireframes, responsive interfaces, and handoff-ready designs.

Product Designer

Aug 2023 - Nov 2023

VV-Soft | Armenia

- Designed websites and landing pages for the iGaming industry, focusing on clear navigation, visual consistency, and responsive layouts.

SKILLS

- Figma
- Interactive prototyping
